You can count on us to help in every way possible to make the most exceptional dentistry affordable. Our team is happy to assist you in choosing a payment plan option that best fits your needs.

We are pleased to offer you the following payment options for your convenience:

- **Payment in full at visit with cash, check or credit card.** We offer a 5% courtesy discount for payment in full when you begin treatment. A \$600 minimum charge applies. We are proud to offer you this opportunity to save money on your dental treatment. At no charge to you, we will gladly process any insurance claims for your direct reimbursement. We encourage you to take advantage of this courtesy adjustment whenever it is comfortable.
- **CareCredit: No- or low-interest payment plans** with no down payment necessary in most cases. A quick and simple application is all that is necessary. At no charge to you, we will gladly process your insurance claim. As a courtesy to you, we accept assignment of benefit payments from most insurance companies.
- **Estimated co-payment at treatment visit** with cash, check or credit card with most insurance plans following benefit verification. Please be aware that we cannot guarantee the insurance estimate and there may be a balance after insurance payment. When choosing this option, we ask that you leave a credit card on file for any balance that may be owed.

If you want to make payments, you can. Simply use one of the above payment plans we have specially arranged to help you.
